

2018 Events

See [Past Events](#) from previous years.

Title	Type	Date(s) MM/DD/YYYY	Location	CyVerse Contact	Local Contact	Notes
Society for Integrative and Comparative Biology	Conference	01/07/2018	San Francisco, CA	Blake Joyce	Animal Genome to Phenome NSF Research Coordination Network Don Mykles, David Durica, Jonathan Stillman, Karen Burnett	Blake gave a web presentation instead of traveling. Workshop luncheon demonstrated CyVerse, workflows available at CyVerse, and answered user questions. Attendees
NSF INCLUDES Summit	Conference	01/08/2018 // 01/10/2018	Alexandria, VA	Jason Williams		Jason presented a poster on CyVerse EOT and networked with representatives from other NSF Center-scale research projects.
XXVI International Plant and Animal Genome Meeting (PAG)	Conference	01/13/2018 // 01/17/2018	San Diego, CA	Jason Williams		See wiki page
Materials Data Infrastructure Task Force	Task force	1/22/2018	Pittsburgh, PA	R. Walls	Justin Scott (The Minerals, Metals & Materials Society)	Task force to further the aims of this report . Meeting report . 17 participants
Focus Forum Webinar: SciApps	Webinar	01/26/2018	virtual	Tina L or Shelley L	L. Wang	materials on wiki page 13 participants
NSF Geospatial Software Institute Workshop	Workshop	1/28/2018 - 1/29/2018	Los Angeles, CA	Tyson Swetnam	Shaowen Wang (CyberGIS, University of Illinois)	Goal was to plan for spatial infrastructure
Focus Forum Webinar: iMicrobe	Webinar	02/09/2018	virtual	Tina L or Shelley L	B. Hurwitz	materials available on wiki page 36 participants
Software Carpentry Workshop	Workshop	02/10/2018 // 02/11/2018	Tucson, AZ		Uwe Hilgert (BIO5)	See wiki page
Phenome 2018	Conference	02/13/2018 // 02/17/2018	Tucson, AZ	Blake Joyce		Two presentations to the entire conference (252 attendees) Two presentations in sessions (50-60 participants) Booth visited by approximately 40 attendees for specific questions
Docker Demo	Workshop	02/15/2018 // 02/15/2018	Tucson, AZ	Upendra Devisetty	Uwe Hilgert (BIO5)	
Public Access to Research Data	Workshop	22-23 Feb. 2018	Alexandria, VA	R. Walls	Mike Hildreth (Notre Dame) & Kerstin Lehnert (Lamont-Doherty Earth Observatory, Columbia)	NSF Workshop to Gather Disciplinary Perspectives on Public Access to Data. Meeting report . 12 participants.

Focus Forum Webinar: CyVerse SDK	Webinar	23 Feb	virtual	Tina L or Shelley L	John Fonner	materials available on wiki page 7 participants	
Astrolabe Workshop	Workshop	03/01/2018	Oracle, AZ	R. Walls, S. Miller	Bryan Heidorn	Workshop to ingest data into Astrolabe. Susan presented a CyVerse overview, Ramona demo'd DE metadata features. ~15 attendees.	
CyVerse Container Camp	Workshop	03/07/2018 // 03/09/2018	Tucson, AZ	Upendra Devisetty	Upendra Devisetty, Nirav Merchant	34 registrants (of which 1 cancelled)	
CyVerse Genomics Data Carpentry and Tools and Services	Workshop	03/07/2018 // 03/09/2018	Raleigh, NC	Jason W.	Carlos Goller (local host)	CyVerse Genomics Data Carpentry and Tools and Services workshops at NC State	
Data and Image Analysis in CyVerse	Workshop	03/15/2018	Maricopa, AZ	Blake	Alison Thompson	90 minute intro to phenotyping and image analysis in CyVerse Taught at the MAC high-throughput phenotyping week long workshop	
RDA11	Conference	03/20/2018-03/23/2018	Berlin, Germany	R. Walls	Michael Hildreth, Kerstin Lenhert	Ramona will give a CyVerse presentation at the session on data preservation .	
ASPB Southern Regional Meeting	Conference	03/24/2018 // 03/26/2018	New Orleans, LA	Jason Williams		Jason giving invited Keynote (100)	
Data Carpentry Workshop	Workshop	04/11/2018 // 04/12/2018	San Francisco, CA	Jason Williams	Olga botvinnik	Hosted Data Carpentry Workshop at the Chan-Zuckerberg Biohub (33 attendees)	
CyVerse Genomics Data Carpentry and Tools and Services	Workshop	05/16/2018 // 05/18/2018	New Orleans, LA	Jason Williams		CyVerse Genomics Data Carpentry and Tools and Services workshops at University of New Orleans (25 DC/ 25TSW)	
Amazon Research	Seminar	05/25/2018	Cambridge, UK	Jason Williams		Invited Talk: Scaling Science by Scaling People, Purpose-built Cyberinfrastructure for Life Science (40 attendees)	
Data Carpentry Workshop	Workshop	05/28/2018 // 05/29/2018	Dublin, IE	Jason Williams		Genomics Data Carpentry at University College Dublin, Co-Hosted with deNBI, Wellcome Trust (32 participants)	
CarpentryCon	Conference	05/30/2018 // 06/01/2018	Dublin, IE	Jason Williams		Jason will be participating in the conference, including activities related to the DC genomics lessons.	
GSC 20	Hackathon and Conference	May 2-4, 2018	San Diego, CA	R. Walls	Rob Knight, UCSD	Ramona attended hackathon on how to better serve MlXS standards for sequence data	
Open Repositories	Conference	June 4-7	Boseman, MT	R. Walls	none	Ramona presented on Identifier Services	
CyVerse Genomics Data Carpentry and Machine Learning	Workshop	06/22/2018 // 06/24/2018	Cold Spring Harbor, NY	Jason Williams		We will be teaching Genomics Data Carpentry and an intro to ML module co-developed with Data Camp.	

Galaxy Community Con/BOSC	Conference	06/25/2018 // 06/30/2018	Portland, OR	Jason Williams		This is a great target for the developer community. Jason will attend a portion.
CSHL Frontiers and Techniques in Plant Biology	Course	07/02/2018	Cold Spring Harbor, NY	Jason Williams		Jason will give a one day lecture and lab including CyVerse and Data Carpentry
Plant Biology 2018	Conference	07/14/2018 // 07/19/2018	Montreal, CA	Jason Williams		CyVerse will have a booth and co-hosting a workshop
CyVerse Genomics Data Carpentry and Tools and Services	Conference	08/13/2018 // 08/15/2018	Ft. Collins, CO	Jason Williams		CyVerse Genomics Data Carpentry and Tools and Services workshops at Colorado State (Dates and campus may adjust slightly)
SACNAS 2018	Conference	10/10/2018	San Antonio, TX	Blake Joyce	Joslynn Lee	Teaching introduction to data analysis in CyVerse and SWC with the Tracy Teal. Blake's last hurrah as a CyVerse Science Team member!
Focus Forum Webinar: VICE	Webinar	11/02/2018	virtual	Tina	Upendra Devisetty, Tyson Swetnam	Introductory level webinar on how to use VICE; materials on wiki page .
Biological Data Science	Conference	11/07/18 // 11-10-18	Cold Spring Harbor, NY	Jason Williams		Bi-annual meeting on Biological Data Science, including posters on CyVerse Education and Training (JWilliams) and SciApps (Zhenyuan).
Focus Forum Webinar: Making your data FAIR with CyVerse	Webinar	11/30/2018	virtual	Tina	Ramona Walls	Introductory level webinar on how to use CyVerse features to make your data Findable, Accessible, Interoperable, and Reusable (FAIR); materials on wiki page .
EMBL-ABR CyVerse Webinar	Webinar	11/31/18	Melbourne, AU	Jason Williams		Delivered webinar on CyVerse CI including into to DE, VICE, Data Store, and Atmosphere (18 online)
BioInfoSummer	Workshop	12/03/18 // 12/07/18	Perth, AU	Jason Williams		Jason presented a talk (Improving the Bioinformatics Curriculum) and presented workshop on RNA-Seq/Single-cell RNA-Seq using CyVerse tools/learning materials . (130 talk; 27 workshop)
CyVerse UK workshop	Workshop	12/10/18 //12/12/18	Norwich, UK	Jason Williams		3 Day workshop on CyVerse UK tools - focused on RNA-Seq (See agenda). (34 Data Carpentry 35 TSW)
